TUCK'S POST CARD

CARTE POSTALE. POSTKARTE.

By Appointment.

Montpelier Spa is a handsome Rotunda, built in 1826 in a central position adjoining the Promenade and Colonnade. It is one of Cheltenham's two beautiful Pump Rooms containing the mineral springs of the town, the value of which was first known in 1718 and rendered a fashionable "cure" for liver ailments, by the visit of George III. and his Queen in 1788
